

## Fellowships and Grant Opportunities – Intramural UCSF and Univ. California

Due Date	Source	Name	Amount	Additional Information
11/10/2019 <sup>1</sup>		<a href="#">CTSI at UCSF Resident Research Grants</a>	<p>\$4,000 / academic year</p> <p>Application cycle – twice a year.</p> <p><b>Funds:</b> Tuition, design &amp; biostats consultation, analytic support, and study-related travel.</p> <p><b>Cannot be used for:</b></p> <ul style="list-style-type: none"> <li>• Travel grants to scientific meetings</li> <li>• Basic science research</li> </ul>	The Resident Clinical and Translational Research Funding (RRF) program will provide up to \$4000 per academic year to UCSF residents for qualified clinical and translational research expenses not covered by their mentor or other sources. Applications require the description of the proposed project for which the funds will be used, to be conducted under the guidance of a research mentor. Applications will be accepted twice a year and the most meritorious projects will be funded.
<p><b>Submission:</b> 2/28/2020</p> <p><b>Award Notice:</b> March 2020</p> <p><b>Fellowship begins:</b> 7/1/2020</p>	<b>CTSI TL1</b>	<p><a href="#">CTSI TL1 Postdoctoral Fellowship Training Program</a></p> <p>Assume annual submission cycle as well.</p>	<p>Stipend commensurate with PGY status</p> <p>One-year fellowship w/ option for a second year</p>	The CTSI TL1 postdoctoral fellowship seeks to train exceptional postdoctoral fellows and provide them with the methodologic, analytic, leadership and team science skills required to conduct transformative early translational research. Qualified clinical fellows and PhD postdoctoral fellows will receive advanced didactic training relevant to the conduct of translation research, support from senior mentors and peers in the conduct of their research through regular works-in-progress sessions, a faculty seminar series focused on translational research, and career

<sup>1</sup> Submission date posted as of March 30, 2020; contact organization for guidance on upcoming new submission deadline.

Due Date	Source	Name	Amount	Additional Information
				development support through one-on-one mentoring from established translational investigators as well as other structured activities.
<b>Spring:</b> Submit:3/2/2020 Funding: End of May 2020  <b>Fall:</b> Submit:8/24/2020 Fund: End of December 2020	RAP	<a href="#">Resource Allocation Program (RAP) at UCSF</a>  Two Funding Cycles per Year: September and March	Funding varies based on program category.	Extensive listing of funding opportunities. <a href="#">New grant opportunities offered</a> . Best to explore the website and consult with mentor.
<b>LOI due 1/6/2020 to 1/24/2020</b>  Top 5 LOIs are chosen for submission  <b>Funding:</b> 4/20/2020	CW	<a href="#">Caring Wisely™</a>	Funds three projects per year at \$50,000 per project.	Caring Wisely™ is an organized process for engaging and supporting frontline staff and clinicians in efforts to remove unnecessary costs from healthcare delivery systems and improve the quality of care delivered. The program was created and launched by the UCSF Center for Healthcare Value in November 2012.  For more information contact the Caring Wisely™ Program Manager Sarah Imershein, MPH <a href="mailto:sarah.imershein@ucsf.edu">sarah.imershein@ucsf.edu</a> ,
Application open now for funding starting July 1, 2020	UCSF-CTCRE	<a href="#">UCSF Center for Tobacco Control Research and Education</a>	Stipends range from \$49,000 to \$59,000 depending on years of postdoctoral experience.	<b>NEW</b> The purpose of the fellowship is to prepare individuals from a wide variety of backgrounds to join the next generation of academic leaders in tobacco control. Upon completion of training, fellows will be well positioned to be active participants in crucial policy

Due Date	Source	Name	Amount	Additional Information
			Decision posted by May.	debates about the future development and implementation of tobacco control interventions. The program offers supervised research experience in tobacco control with the Center faculty. Each trainee meets regularly with a faculty mentor regarding research progress and career or professional issues.
<p><b>Submission:</b> 1/23/2020</p> <p><b>Notification:</b> June 2020</p> <p><b>Award</b> begins: July 1, 2020</p>	TRDRP	<p>The Tobacco-Related Disease Research Program of California (TRDRP) – <a href="#">Post Doctoral Fellowship Award</a></p> <p><a href="#">Appears to have an annual submission cycle. Check website for key submission dates in 2021</a></p>	Funds up to \$60,000; maximum duration 3 year	The Tobacco-Related Disease Research Program of California (TRDRP) administers the portion of state retail taxes on tobacco products that are designated for research within California. This unique source of funding supports investigators at eligible California institutions whose research contributes directly to the elimination of smoking and tobacco use and mitigates its human and economic costs in California.
