

Fellowships and Grant Opportunities – Plastic Surgery

Due Date	Source	Name	Amount	Additional Information
Pending (12/2019 ¹)	PSF	Plastic Surgery Educational Foundation Research Fellowship Grant (PSF)	Up to \$50,000 for one-year to be used for salary support only.	The PSF supports investigators from the beginning of their careers, during residency and as they advance to becoming experienced and well-established plastic surgeons. The purpose of the Research Fellowship Grant is to encourage research and academic career development in plastic surgery. This grant is for salary support only for a Resident or Fellow to obtain training and experience in research, under the guidance of an experienced mentor. The application must describe a structured research training plan, in addition to a research project. Only already funded research projects will be considered. Evaluation of the application will place emphasis on the research training experience, research project, applicant potential, and mentor qualifications and commitment to mentoring. Research Fellowship grants must be used for salary support only.
Pending (12/2019 ¹)	PSF	Plastic Surgery Foundation Pilot Research Grant	Up to \$10,000 for 1-year pilot projects	The PSF Pilot Research Grant is intended to support residents and junior faculty in their efforts to address focused research questions, obtain preliminary data to support larger grant proposals in the future, and develop a line of research

				that can be carried forward into an academic career. This grant supports the preliminary or pilot phase of these research projects. Senior investigators are encouraged to use other funding mechanisms, but may apply for this grant if they are proposing a new research concept or novel idea for which no prior funding has been obtained. Projects that are a prelude to the NIH or other external funding agencies are encouraged.
Pending (12/2019 ¹)	ASE/PSF	ASE/PSF Combined Research Grant	Up to \$15, 000 for 1-year projects	The Plastic Surgery Foundation (PSF) and the Association for Surgical Education (ASE) recognize the importance of fostering the development of surgeon scientists that yield improvements in patient care in surgery. The ASE/PSF Combined Research Grant is intended to fund a research project that will advance the scientific knowledge and aim to develop and validate new methods of surgical care. Research projects that focus on surgical education and training in the area of plastic surgery are encouraged.
Pending (12/2018 ²)	ASMS/PSF	ASMS/PSF Combined Research Grant - The Plastic Surgery Foundation (PSF) and the American Society of Maxillofacial Surgeons (ASMS)	\$10,000 for one year commencing July of each year	The Plastic Surgery Foundation (PSF) and the American Society of Maxillofacial Surgeons (ASMS) recognize the importance of fostering the development of surgeon scientists and

				innovative research in maxillofacial surgery. The ASMS/PSF Combined Pilot Research Grant is intended to fund a research project that will advance the scientific knowledge of maxillofacial surgery. This grant supports the preliminary or pilot phase of these research projects.
Pending (8/2019 ³)	ASMS	American Society of Maxillofacial Surgeons – Research Grant Application	The Research Committee will determine the number of award recipients and the dollar amount granted. Historically \$7 to 9,000 award to the sponsoring institution. Awarded 4 grants in 2018.	All members of American Society of Maxillofacial Surgeons (ASMS) are eligible for research awards. Residents or research fellows are eligible to apply if the primary investigator of the project is an active ASMS member who provides a letter of sponsorship for the application. NOTE: Please use the forms provided so that we may standardize the application process.
Pending (8/2019 ³)	ASMS	American Society of Maxillofacial Surgeons – ASMS Resident Scholar Program Please send application materials to ASMS Resident Scholar Program, via email to logrady@prri.com or via mail to ASMS, Attn: Lorraine O’Grady, 500 Cummings Center, Suite 4400, Beverly, MA 01915.	Up to \$1,200 to attend the annual scientific meeting.	The American Society of Maxillofacial Surgeons and the Maxillofacial Surgeons Foundation are proud to announce the ASMS Resident Scholar Program for plastic surgery residents who have expressed an interest in developing a career in Craniomaxillofacial Surgery. This program provides airfare and hotel reimbursement to the Resident Scholar to attend the annual scientific meeting.
